

ICICI Prudential (GPS)

A Participating Non- Linked Pension Individual Savings Product. Retirement is a time where you can finally reap the rewards of your life's hard work. It is a journey, where you are the driver, and the road ahead is full of possibilities. Just like a GPS helps you navigate unfamiliar routes, financial planning serves as your post-retired life's GPS, guiding you through your golden years. With proper planning, your retirement can be full of travel, pursuing hobbies, and much more, all without the limitations of money. It ensures that medical expenses and unexpected emergencies don't divert you from the path you've set for yourself.

- Build a corpus With an assured benefit of 105% of total premiums paid and a possible upside through declaration of bonuses, build a corpus for your retirement
- Complimentary health check-up avail periodic complimentary health check-up on later of completing 3 policy years and on attaining 50 years of age
- Accumulate bonuses From the first policy year, you can accumulate bonuses to grow your retirement pot
- Emergency access to funds The product gives you the flexibility to withdraw part of your retirement pot in case of major life events or illnesses
- Re-plan your pension start date Option to defer receiving the policy proceeds on vesting till the age of 75 years and instead continue to grow the accumulated vesting corpus at a reverse repo linked rate
